

Crane Service

May 3, 2006

To our valued clients:

We are pleased to announce that effective Wednesday April 19, 2006 Gwil Crane Service purchased the assets of **Clermont Crane and Rigging Ltd.** This will enable us to provide you, our valued client, with even better service by offering you a wider selection of cranes for your lifting requirements. With this acquisition of Clermont Crane we will have two yards in the valley; a Winfield yard and a Kelowna yard. In addition we have branches in Vancouver and Castlegar.

We are also pleased to announce that we just purchased two 120 Ton Liebherr all-terrain cranes, a 300 Ton Liebherr all-terrain crane and a 500 Ton all-terrain equipped with the Y-GUY superlift system. Capacities now range from our 6 ton carrydeck to our 500 Ton Liebherr crane, including a full fleet of conventional and hydraulic cranes. In addition, we will continue to provide you with other services such as lift planning using the latest computer drafting software. We will ensure that we continue to provide you with the same high level of service you have come to expect, but now with the expanded capacity to accept the most challenging lifts.

We look forward to helping you with your lifts – small, medium and large.

Sincerely
